

Identification of hose which is included in recall is by batchcode. Please if uncertain about identification contact your point of purchase for help.

Identify batch on hose

Batch code

Batchcode interpretation

1st digit of the alphanumeric code = year

2nd digit = month (A-L)

3rd digit is the lot that month starting with 1-9 followed by A-Z

Thread

Note batch

Check in list below if your hose is subject for removal of Flow Restriction Insert.
